Name _____ Date _____ Number of errors _____

DIRECTIONS: Slowly and clearly say each pair of words. Ask the child to repeat each word in the pair. Then ask him/her to say the sounds (rime) that are the same. Place an X in the box at the right for each error. Practice with the first pair of words.

PRACTICE: Say: *I am going to read two words and listen carefully to the sounds. After listening I will say the sound that is the same in the words.* Slowly and clearly read the words *dog* and *log*. Say: *I hear the “og” sound in both words. “Og” is the rime in dog and log.* Now you try the next pair of words.
